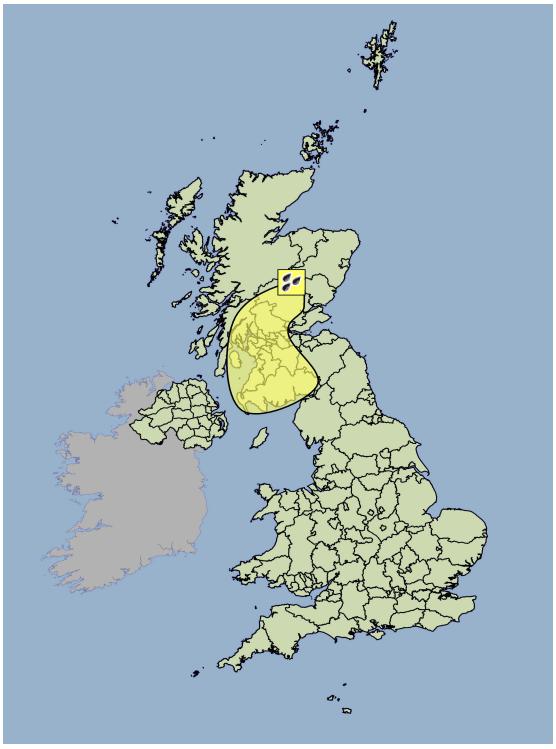
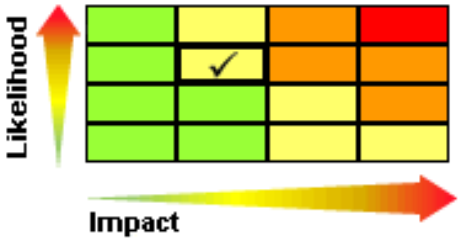
National Severe Weather Warning Service





Chief Forecasters Assessment
A further North Atlantic depression is expected to spread strong to gale force winds and a band of rain across the United Kingdom on Sunday. A further 10 to 20mm of rainfall is expected widely within the warning area, with up to 40mm locally on higher ground.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **14:00 on Sun, 05th Jan 2014** until **23:00 on Sun, 05th Jan 2014**

A further spell of wet weather is expected on Sunday afternoon and evening. The rain will become heavy for a time before clearing away before midnight.

The public should be aware of the potential for localised flooding and disruption to travel.
